New Session 2024-25

Dalmia Vidya Mandir schools have eagerly inaugurated their new academic session starting from April 1st, 2024, symbolizing a significant shift towards educational transformation. This fresh chapter in education underscores a profound dedication to elevating the quality and impact of learning experiences, ensuring that every child receives nothing short of excellence in education. Across various locations, the schools warmly welcomed a new wave of eager learners, extending congratulations on the commencement of their educational journey. Among the array of celebratory events, one standout occasion was the festive "First Day at School" gathering at Dalmia Vidya Mandir, Rajgangpur. Here, amidst an atmosphere filled with anticipation and support, students were embraced into the school community with open arms, setting the tone for a journey filled with exploration, growth, and academic achievement. This event served as a reminder of the school's unwavering commitment to nurturing young minds and fostering a love for learning.

Pratibha Pallavan Workshop, 12 April 2024

Dalmia Vidya Mandir, Chirawa organized a unique event named "Pratibha Pallavan," specially designed for female students in classes 9 through 12. This event welcomed instructors, affectionately called Didis, from Pratibha Gyanodaya Vidyapeeth, who shared their expertise with the students. The highlight of the session was a workshop on "hastkala," where the students learned the delicate art of handcrafting. This collaborative effort aimed not only to enhance the students' skills but also to cultivate a deeper understanding and appreciation of cultural traditions. By bringing together these young minds and experienced instructors, the event created a vibrant platform for learning and cultural exchange. It not only enriched the educational experience but also celebrated the diversity and richness of India's artistic heritage. Through such initiatives, Dalmia Vidya Mandir continues to empower its students with knowledge and appreciation for various aspects of life and culture.

ICT School Education 2024-25 (School Education)

National Digital Education Architecture To fully achieve the potential of ICT in enabling the vision of NEP 2020, NDEAR was launched in July 2021. 'The core idea of NDEAR is to facilitate achieving the goals laid out by NEP 2020, through a digital infrastructure for innovations by, through and in the education ecosystem.' NDEAR is a blueprint for the future of education in India. It aims to create a unified national digital infrastructure that will enable the use of technology to improve educational outcomes for all students. NDEAR creates standards and principles for technology solutions in education. This will help Teachers find and use solutions that help meet the learning needs of students. NDEAR will encourage an ecosystem of digital contributors who can develop and use technology in school education. It follows some core principles for developing technology in a manner such that it enables open access, agency, and choice for users as well as diversity and inclusion. It endeavours to meet the special needs of students with disabilities

New Session Planning 2024-25

SAFAL (Structured Assessment for Analyzing Learning)

SAFAL (Structured Assessment for Analyzing Learning,) is a competency-based assessment program introduced by CBSE (Central Board of Secondary Education) for grades 3, 5, and 8. It aims to evaluate core concepts, application of knowledge, and higher-order thinking skills, aligning with the objectives outlined in the National Education Policy (NEP) 2020. Here are the key points:

□ Purpose:

- Motivate education towards competency-based learning.
- Measure school performance on key competencies.
- Identify areas of academic intervention for support and management.

□ Key Features:

- Tests core concepts and discourages rote learning.
- Applicable to both government and private schools.
- School-level data sharing for development of learning outcomes.
- Data used for continuous improvement and support.

□ Usage in Schools:

- Identify learning gaps and areas for improvement.
- Modify teaching methods based on assessment results.
- Provide targeted professional development for teachers.
- Allocate resources effectively based on identified needs.
- Engage stakeholders and incorporate findings into long-term planning.

□ Role of Teachers and Principals:

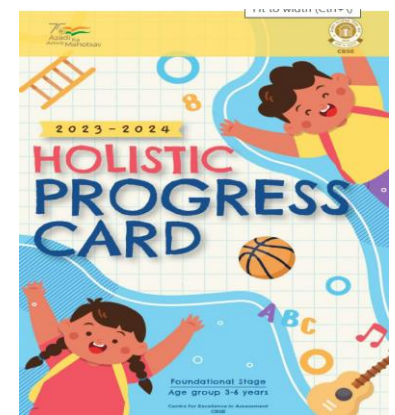

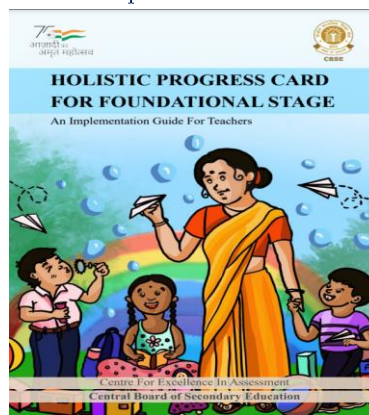

- Familiarize parents and students with SAFAL features.
- Utilize progress cards to identify areas for improvement and support in the classroom.
- Engage constructively with parents using progress cards.

□ Role of Parents:

- Understand their child's strengths and weaknesses.
- Collaborate with teachers to devise tailored strategies.
- Provide home support and monitor progress over time.

Holistic Report Card (2024-25)

The progress card will be a holistic, 360-degree, multidimensional report that reflects in great detail the progress as well as the uniqueness of each learner in the cognitive, affective, and psychomotor domains. It will include self-assessment and peer assessment, and progress of the child in project based and inquiry-based learning, quizzes, role plays, group work, portfolios, etc., along with teacher assessment. The holistic progress card will form an important link between home and school and will be accompanied by parent-teacher meetings in order to actively involve parents in their children's holistic education and development. The progress card would also provide teachers and parents with valuable information on how to support each student in and out of the classroom. AI-based software could be developed and used by students to help track their growth through their school years based on learning data and interactive questionnaires for parents, students, and teachers, in order to provide students with valuable information on their strengths, areas of interest, and needed areas of focus, and to thereby help them make optimal career choices.

Trainings

Under the guidance of Dr. Rosetta Williams, CEO of Dalmia Vidya Mandir schools, an extensive 60-hour training program has been seamlessly integrated into the curriculum for all teachers. Mandated by school heads, each staff member undergoes one hour of training regularly, with the collective goal of achieving the 60-hour target by March 2025. Covering 60 diverse topics aligned with the new trends of CBSE and NEP 2020, the training aims to familiarize teachers with CBSE rules, teaching methodologies, and emerging educational trends. This initiative is a crucial step towards transformation, aligning educators with the evolving educational landscape and preparing students for the challenges of the future advanced world. Upon completion, feedback from all teachers, along with their signatures, is collected to ensure the effectiveness and success of the training initiative.

Almanac 2024-25

Dalmia Vidya Mandir has embraced standardization by implementing a uniform almanac across all its locations, commemorating the illustrious 100-year journey of Dalmia Vidya Mandir, Chirawa. This standardized almanac not only symbolizes consistency but also celebrates the rich legacy and achievements of the institution. By adopting this approach, Dalmia Vidya Mandir ensures coherence and unity across its various campuses, reinforcing its commitment to excellence and tradition. This initiative not only highlights the centenary milestone but also fosters a sense of pride and belonging among students, staff, and stakeholders, strengthening the institution's identity and heritage.
